The Healing Spa *Silver Cloud Jade Massage Bed™ SE* reduces muscle spasms and promotes correct vertebrae alignment.

The Healing Spa *Silver Cloud Jade Massage Bed™ SE* relaxes muscles through the application of Far Infrared heat. When the body relaxes it releases toxins that block the body's natural immunity.

Maximum full-body circulation of blood, spinal fluid, and lymph are promoted by the rolling massages in both the upper body and the legs. As the muscles relax, natural spinal adjustments occur from the *Silver Cloud Jade Massage Bed™ SE*. Many clients find that over time their need for spinal adjustment therapy is reduced or eliminated; and when adjustments are needed they adjust easier and hold longer.
